## The Everglades News Recommends Emmett Roberts For Membership On State Public Service Commission

State Representative Emmett S. Roberts has announced his candidacy for membership on the Public Service Commission in the seat now occupied by that venerable old gentleman, Jerry Carter, who has held that job for many, many years. Mr. Roberts home-town newspaper, The Belle Glade Herald, in a glowing editorial last week recommended Mr. Roberts to the state's voters for the high and honorable job as a Public Service Commissioner. It is with genuine pleasure, knowing Emmett Roberts as we do, that The Everglades News wholeheartedly endorses him for the state job and corroborates one hundred percent everything that his home-town paper said about him in the following editorial:

Emmett Roberts' campaign for the position on the Public Service Commission now held by Jerry Carter will, we are sure, carry the support of more members of the House and Senate, as well as that of more ex-members, than any man who has sought to step from these Halls to a state-wide elective position in recent years.

Mr. Roberts' twelve years in the House has been recognized in Flood Control with membership on Central and South Florida Flood Control Board; his work in migratory farm labor brought him the Chairmanship of State Government Atlantic Coastal States Committee on Migrant Labor.

Mr. Roberts served on the House

Committee on Higher Education, and introduced the bill creating Atlantic U. at Boca Raton; he is the selection of the organized element of our school system as leader in the House for the coming session.

The guiding group for the House and Senate in contemplated legislation is the Legislative Council; Mr. Roberts has been a member of this organization, by appointment since 1956.

Membership on Appropriations, Finance and Taxation, Roads and Highways Committees is a mark of high regard in the House; Mr. Roberts has held these positions.

Emmett Roberts is a Legislator; he is accepted as a diligent worker for his constituency; his honesty is unquestioned, and his integrity has left friendships from big and little county delegations, despite his voting record.

County officials of the state presented Representative Roberts their 1965 Good Government Award.

Mr. Roberts' community activities have brought him to the position of International Counselor for the Lions, as a member of the Board of Trustees of the Episcopal Diocese of South Florida, as a member, along with his family, of the Belle Glade Episcopal Church.

His Chairmanship of the Palm Beach County Christmas Seal Drive follows his Presidency of the Health and Tuberculosis Association of the County which was preceded by the Presidency of the Resources Board.

Lieutenant Colonel Emmett S. Roberts US Army Reserve, is a member of the VFW and Legion, and a 32nd degree Mason with membership in Mahi Shrine.

Executive Director Roberts of the Belle Glade Housing Authority has held that position since the chartering of the Authority in 1948. The Belle Glade operation is accepted among the knowledgeable as outstanding in the field of housing for migratory farm labor.

With the recognitions by his associates over the years, as set forth above, the Glades has an exceptional opportunity to get behind and help an OUTSTANDING PUBLIC OFFICIAL rise in his preferred labors and gain the advantage of his work on this important State Administrative group.

He's a winner!

## Pahokee Backs Retreading Job

The Pahokee Chamber of Commerce meeting was called to order Monday night by president Bill Moss.

The promotional materials have been ordered for the program and the city fathers, clubs and other organizations in the city have been asked to help the Chamber on their clean-up program.

The Chamber of Commerce is also supporting the city council in asking for the retreading of US 441 from Belle Glade through Pahokee and on to Canal Point. The Chamber is writing letters to the State Road Department in Fort Lauderdale and the Board of County Commissioners in West Palm Beach, asking them to see that the job is done as soon as possible.

A sumptuous meal was served at the noon hour and guests came and went throughout the afternoon enjoying the splendid hospitality of Mr. and Mrs. Spooner.

## Finance Plan To Be Cheered

The Canal Point Baptist Church will be taken over in a demonstration this coming Sunday as the Finance committee leads the March around the church. It is expected to draw a capacity crowd, as the group has not applied for a license or permit to conduct this demonstration, as the local authorities have no jurisdiction to issue such a permit. The pickets will be carrying signs expressing the theme of the movement, "Tithing Now, That All May Know Him."

All families will be asked to bring a Tithing of their weekly income to the church just to let the world know what they can do if God were honored with the weekly incomes of this locale.

The pastor hopes it will be an orderly demonstration, but it is feared they will be doing much shouting and singing as the total is raised by the people.

A spokesman for the group said they felt they had as much right to demonstrate for their cause as any other group, and that their cause was probably more worthy than some. It is felt that there will be no cause for local authorities to be called out.

## Power Bills Are Going Electronic

Electricity users in the Glades area will receive bills this month that have a new look. Florida Power and Light Company is converting its district customer accounting to a new space age electronic data processing system - a faster, more efficient way of bookkeeping.

On the new bill, all facts concerning date, kilowatt hours used, payment due, as well as customer's name and service address will appear on one side of the post card. The customer will keep that part of the bill showing the kilowatt hours used and bill amount and return the part showing the name and address.

"This is another example of the increasing efficiency that has enabled the Company to reduce rates nine times in the last nine years," said FPL Manager Curtis A. Chase. "The price per kilowatt hour paid by both our residential and commercial customers today is about one-third less than it was eight years ago. Thirty years ago the average rate cost was three times as great as it is now. Today it is well under the national average... and this has been accomplished in a time when the price of just about everything else has been going up."

"I want to announce my candidacy for the office of Circuit Judge of this county, subject to the Democratic primary election scheduled in May of 1966.

"This decision results from the recent public announcement of Honorable Joseph S. White, Senior Circuit Judge, that he does not plan to file for re-election next February. His contribution to the judiciary and citizenry of this county, state and nation is matchless and his devotion to duty and good citizenship an inspiration for all.

"For the past 10 years I have served continuously as one of the judges of the Criminal Court of Record of Palm Beach County. During this time I have had the opportunity of presiding over more than 680 jury trials and more than 1100 non-jury trials. It has been a great honor and privilege for me to serve the citizens in this judicial office. It has given me the opportunity to gain extensive courtroom and related judicial experience in the administration of justice.

"I am 53 years old, married and have a 4 year old daughter, named Anne, Jr. and three sons, Hugh, Jr., is married to the former Anne Martin and they now reside at Oxford, England, where Hugh is a graduate student in theology. Neil is enrolled in the College of Law, University of Florida, and Meredith is a Junior at Forest Hill High School.

U.S. SAVINGS BONDS

The U.S. Government does not pay for the advertising of these Savings Bonds. The Advertising Costs are borne by the U.S. Treasury Department. This is the only way to keep the advertising costs out of the pockets of the taxpayers.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q: How does the new  $3\frac{3}{4}\%$  interest rate benefit me?**

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{4}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q: When did the new rate become effective?**

**A:** June 1, 1959.

**Q: Does the new rate change the Bonds I bought before June 1, 1959?**

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{4}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q: Will the Bonds I own automatically earn their new rate?**

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q: When my E Bonds mature, will they keep on earning interest?**

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q: With the new interest rate, should I cash in my old Bonds and buy new ones?**

**A:** No. The automatic  $1\frac{1}{4}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q: How are series H Bonds different from series E Bonds?**

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q: In what denominations can I buy series E and series H Bonds?**

**A: E Bonds:** \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

**H Bonds:** \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q: How safe are U.S. Savings Bonds?**

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q: What if my Bonds should be lost, stolen or destroyed?**

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q: Where can I buy Bonds?**

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?**

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

**YOU SAVE MORE THAN MONEY WITH  
U. S. SAVINGS BONDS**

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic donation.

## How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
